***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Stanley on November 08, 2004.

The following changes have been made to the subject application:

In claim 1, line 16 of page 19, "can be" has been changed to --is --.

In claim 12, line 6, "can be" has been changed to --is --.

Claims 13-15 have been cancelled.

The Examiner's amendment has been made in order to place the application in a condition for allowance.

***Reasons for Allowance***

1. The following is an examiner's statement of reasons for allowance:

The cited art of record fails to teach an antenna comprising a tube, fins along a length of the tube, a transmission line extending through an interior of the tube, a hub with a cylindrical exterior with one end of the hub conductive to an opposite terminus of the transmission line, plurality of curved plate spaced apart from an extending plane of the fins, a plurality of electrical switches individually attaching the curved plated to the tube with each individual switch including a contact movable in a cavity of the individual switch wherein a righting action of the curved plate inclines the cavity thereby allowing the contact to move to an actuated position such

as radio-energy from the radio-frequency source is conducted from a hub to the individual switch as defined in claim 1. Therefore, claims 1-12 are presently allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
